Re: Office closure

Offices will be closed all-day tomorrow March 22st, 2016.

Offices will also be closed Wednesday, March 23st, 2016 from 10:00AM-2:00PM.

Offices will resume regular office hours Thursday, March 24th, 2016.

Sorry for any inconvenience.

All ages are invited to participate

March 23, 2016

Race starting at 5:00pm at the GYM

Dinner will be served and prizes will be awarded at approximately 6:30

To register your team of 6 please email Justin at <a href="mailto:rtp@nigig.ca">rtp@nigig.ca</a> or call 481-2559 and leave your team lists with Kathy.

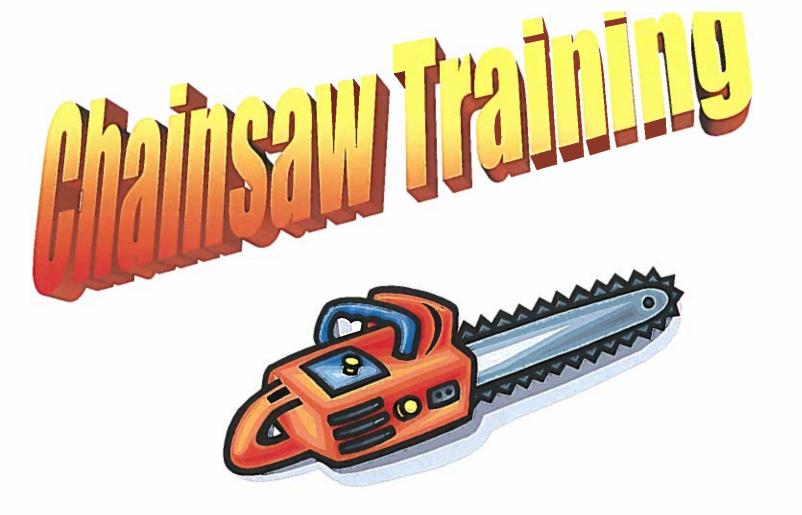

If you don't have a team don't worry. We will make additional teams on the day of the race! So just bring yourself and your game face!

\*Volunteers will be needed for cooking and running stations. Anyone willing to help get in contact with Justin.

Hope to see everyone there and good luck to all teams participating!

#### **Current Employment Opportunities**

#### Friday, March 18, 2016

New Gold is an intermediate gold mining company. The company has a portfolio of four producing assets and three significant development projects. The New Afton Mine in Canada, the Cerro San Pedro Mine in Mexico, the Mesquite Mine in the United States and the Peak Mines in Australia provide the company with its production base and solid foundation. In addition, New Gold owns 100% of the Blackwater project and 100% of the Rainy River project, both in Canada, as well as 30% of the El Morro project located in Chile.

New Gold's objective is to continue to establish itself as a leading intermediate producer, focused on the environment, sustainability and generating peer-leading shareholder returns.

Our Values drive every decision and action we take at New Gold:

Integrity: Do what's right

Creativity: Lead with innovation

Commitment: Deliver

Develop our Employees: Commitment to personal development

Teamwork: Leverage our collective skills

#### **POSITION SPECIFICATION**

**POSITION TITLE:** 

MINE GEOLOGIST, Rainy River Project

LOCATION:

Do you want to be part of the development and start-up of one of Canada's premier mining operations? We are looking for dynamic individuals to join our team and live in our community as we pursue this exciting project. The Rainy River Project, located 65 km northwest of Fort Frances, ON, contemplates a combined open pit and underground mine, processing 21,000 tonnes per day.

**POSITION SCOPE:** 

Reporting to the Chief Geologist, the position is responsible for coordinating and supervising activities related to the modeling and examination of geological data or processes and to ensure operating guidelines are followed.

**KEY RESPONSIBLITIES:** 

- Respond and provide advice to questions regarding grade/waste control and geographical modeling
- Perform geological analysis and modeling
- Control costs with respect to mine geology and maximize efficiencies by implementing approved recommendations
- Recommend alternative procedures, methods, and policies to improve performance, ensuring compliance with industry regulations and organizational requirements.
- Contribute to the development of policies and procedures with respect to geographical modeling and grade/waste control
- Stay current with mine geology trends and introduce any new information into work assignments.
- Research and analyze data and issues with respect to geological modeling and grade/waste control
- Prepare technical reports and documentation to ensure compliance with industry and operational requirements
- · Reconcile mine with mill data, and mine with reserve and resource data
- Manage databases and review data for production and reconciliation purposes
- Provide assistance in the training and skill development with regards to technical issues in mine geology
- Relay information with regard to ground control and other geologically related issues
- Relay information on operating guidelines, compliance regulations and policies

KNOWLEDGE, SKILLS & ABILITIES:

- University degree in Geology
- Minimum 4 years of related Mine Geology experience
- P. Geo Designation or working towards professional status
- Previous experience with MineSight or other 3D modelling software
- Knowledgeable in data management and geological and resource estimation tools
- Excellent organizational skills with attention to detail

· Ability to work effectively as part of a team effort as well as individually

· Demonstrated leadership in safety

· Strong interpersonal and both oral and written communication skills

• Ability to work with all levels of the organization

**COMPENSATION:** 

A competitive salary, performance bonus plan, and benefits, will be provided.

**HOW TO APPLY:** 

Please apply by creating a profile in our e-Recruit system. This application process includes providing a cover letter and resume.

The list of our available positions and the link to our e-Recruit system can be found at: <a href="http://newgold.com/rrcareers">http://newgold.com/rrcareers</a>

**ACCOMMODATION:** 

New Gold is committed to ensuring that all Applicants are able to participate equally in relation to New Gold's recruitment, assessment and selection materials and processes. New Gold encourages all Applicants with disabilities to let their New Gold recruitment contact know if they require accommodation during the recruitment process. Ojibway Bingo- Tuesday, March 22<sup>nd</sup>, 2016 from 6-8 pm Location- Senior's building. 103 Bruyere Avenue Supper provided.

Regular Session- Monday, March 28<sup>th</sup>, 2016 from 6-8 pm Location- Classroom 2, Seven Generations Education Institute Supper provided

No session during the March Break- Monday, March 14<sup>th</sup>, 2016.

The instructor is Jason Jones. Everyone is welcome. There are no requirements to attend, just a desire to learn! If you have any questions, please give Jess a call at 274-4551 ext. 233.

# Media Release

Thunder Bay Regional Health Sciences Centre

## FOR IMMEDIATE RELEASE

# Mobile Screening Coach Temporarily Out of Service

(Thunder Bay, ON - March 7, 2016) Northwestern Ontario's Screen for Life Coach will be out of service for an indefinite period of time following a collision while it was in the United States for warranty repair.

The coach was under the care and operation of the manufacturing company at the time of the accident. The damage has taken the coach out of service for the foreseeable future. This will have an impact on women in Northwestern Ontario and Thunder Bay who use the coach for its screening services and were scheduled to schedule that was due to start next month.

"This is not good news for women of Northwestern Ontario and our top priority will be minimizing the impact this has on them," said Mobile Coach Lead Lauren Beach. "We are hoping to see the coach return to service as quickly as possible. In the meantime we are working to inform women of their screening options both locally and regionally."

The Screen for Life Coach is a mobile screening service that travels to more than 75 different locations throughout Northwestern Ontario from April to October and provides services in Thunder Bay during the winter. It offers three different types of screening to women: breast, cervical, and colorectal.

Thunder Bay Regional Health Sciences Centre (TBRHSC) does not know when the coach will be back in service and as a result the summer schedule is suspended indefinitely. An assessment of the damage, repairs required and the timelines should be available late next week. TBRHSC will have a better assessment of the impact on this summer's schedule then.

In the meantime, there are options both for women in the region and in Thunder Bay if they had planned to use the coach for their screening. In Thunder Bay, patients can consider:

- Booking at the Linda Buchan Centre or,
- Thunder Bay Diagnostics;
- Wait for the return of the coach: This may mean the patient's appointment won't be until the fall.

Any patient who wants to screen at a different screening site for their upcoming appointment then return to the coach for their subsequent screening are asked to state that when they are recalled in one or two years.

Options for Regional Patients are:

- Screening at one of our regional Ontario Breast Screening Program affiliates in Kenora, Fort Frances or in Thunder Bay at either the Linda Buchan Centre or Thunder Bay Diagnostics;
- Wait for the return of the coach. This could mean the patients screening would be next travel season, (Summer 2017), depending on timelines for the coach's return.

#### Media Release

Thunder Bay Regional Health Sciences Centre

#### FOR IMMEDIATE RELEASE

Similarly, any women seeking screening at a different site for their upcoming appointment and who want to return to the coach for their subsequent screening should state that when recalled in one or two years.

"Screening saves lives," said Beach. "We will work with the manufacturing company to get the coach back in operation as quickly as possible. But in the meantime we encourage women in Northwestern Ontario and Thunder Bay to explore the options and still get screened."

If you have questions about where to get screened, please call our main office and we can help you book an appointment that is convenient for you: Call 1-807-684-7777 or 1-800-461-7031.

-30-

#### Healthy Together

Thunder Bay Regional Health Sciences Centre (TBRHSC), a 375-bed acute care facility, is a national leader in Patient and Family Centred Care. As the tertiary care provider in Northwestern Ontario, TBRHSC provides comprehensive services to a population of over 250,000 residents in a region the size of France. Effectively addressing the healthcare needs of patients and families has earned TBRHSC both Innovation Awards and Leading Practice Designations.

As an academic health sciences centre, TBRHSC is committed to teaching the next generation of healthcare providers and advancing medical research. Patients benefit from interprofessional teams of dedicated healthcare providers and access to leading-edge medical equipment and clinical trials.
